Pick from five different arepas and two hearty bowls, then add crispy yuca fries, golden tequeños, or a vegan dessert to finish it off.

Arepas ⁰¹

Our arepas are freshly grilled corn patties filled with classic Latin American combinations, from creamy chicken and avocado to slow-cooked beef with black beans, plantains, and gouda. Vegetarian and vegan options include black beans with white cheese and plantains, or avocado, tomato, and sweet potato.

Bowls ⁰²

The bowls offer the same bold flavours in a larger format, with the Pabellón Bowl combining beef ragout, black beans, plantains, avocado, tomato, and sweet potato, while the Vegan Bowl focuses on black beans, avocado, tomato, plantains, and sweet potato.

Sides ⁰³

Sides include Sopita, a black bean cream soup served with a small arepa, crispy fried yuca fries, and tequeños — golden fried pastry sticks filled with cheese.
